

PALESTIAN MY HOME AND LIFE

عاشت فلسطين

- I am so happy to be here with you Today, and to meet such a nice people like you... really it is an honor for me that I could represent my country Palestine, my school Terrasanta, my students, my fellow teachers and my principal ... All of them are expecting a lot from me when I come back to my home . So I will start talking about my country
- Palestine is the land of peace and all the prophets, reminding you that Jesus christ was born there and spread the word of God. Also prophet Muhammad was taken on a journey to heaven from Jerusalem, and never to forget prophet Ibrahim was living there also.
- Although Palestine is the land of peace we haven't seen peace since 1948 after Israeli troops occupied the land.

Palestine is an area in the eastern Mediterranean region between the Jordan River and the Mediterranean Sea in Asia.

This region is also called the Holy Land **because of its religious place**. For Christians, this place is of great importance mainly because Jesus Christ lived and died here. And it is a holy place for muslims because prophet Muhammad ascended to heaven from Al Aqsa mosque in Jerusalem.

GETTY

THEODOR HERZL

The fanatic “Zionist Movement” which began its activities in 1897, had for its objective the transformation of Palestine by “any means” into a Zionist state. It had no regard whatsoever for what the “Holy Land” meant and still means to the 700 million Christians and the 400 million Moslems of the world; and more arrogantly it did not have any consideration for the indigenous Arab inhabitants who consisted, at that time, 92 percent of the population of Palestine.

JERICO THE OLDEST CITY IN THE WORLD

The **oldest** continuously inhabited **city in the world** is **Jericho**. This territory belongs to the ancient **city** of Palestine, was built on the Jordan River and 9,000 years before Christ.
