I'm very happy of the web conf we had yesterday (despite technical and linguistic difficulties 😊). Let's go on. As we have decided together, you have to find a song, poetry and watherver else you like of your country and put it in the Facebook group (with translation in English). In the meanwhile feel free to share in the group everything you want with the aim of knowing each other. This project is an occasion for us!

Hello everybody. It's very difficult to find a song that represents Italian culture, mainly because culture changes in time. But the best known Italian song in the world is: "Nel blu dipinto di blu (volare)"

This is the italian text: Nel blu dipinto di blu (Volare)  
Penso che un sogno così non ritorni mai più:  
mi dipingevo le mani e la faccia di blu,  
poi d'improvviso venivo dal vento rapito  
e incominciavo a volare nel cielo infinito...  
Volare... oh, oh!...  
cantare... oh, oh, oh, oh!  
nel blu, dipinto di blu,  
felice di stare lassù.  
E volavo volavo felice più in alto del sole ed ancora più su,  
mentre il mondo pian piano spariva lontano laggiù,  
una musica dolce suonava soltanto per me...  
Volare... oh, oh!...  
cantare... oh, oh, oh, oh!  
nel blu, dipinto di blu,  
felice di stare lassù.  
Ma tutti sogni nell'alba svaniscon perché,  
quando tramonta, la luna li porta con sé,  
Ma io continuo a sognare negli occhi tuoi belli,  
che sono blu come un cielo trapunto di stelle.  
Volare... oh, oh!...  
cantare... oh, oh, oh, oh!  
nel blu degli occhi tuoi blu,  
felice di stare quaggiù.  
E continuo a volare felice più in alto del sole ed ancora più su,  
mentre il mondo pian piano scompare negli occhi tuoi blu,  
la tua voce è una musica dolce che suona per me...  
Volare... oh, oh!...  
cantare... oh, oh, oh, oh!  
nel blu degli occhi tuoi blu,  
felice di stare quaggiù.  
Nel blu degli occhi tuoi blu,  
felice di stare quaggiù,  
con te

And this is the english translation

To Fly

I think, such a dream  
Will never return.  
I painted hands and face in the blue  
And then suddenly the wind kidnapped me  
And I began to fly in an infinite sky.

To fly,

To sing

In the blue, painted in the blue,  
I am happy to be above.

And I flew, flew happy  
Higher the sun and even higher  
While the world disappeared slowly  
Far away down.

A sweet music played only for me.

But all my dreams disappeared at the daybreak because  
When the moon sets, it brings them with itself.  
But I continue dreaming about your beautiful eyes  
Which are blue as the sky embroidered with stars...

To fly,

To sing

In the blue, painted in the blue,  
I am happy to be above.

And I flew, flew happy  
Higher the sun and even higher  
While the world disappeared slowly  
In your blue eyes.

Your voice is a sweet music  
Which plays for me.

To fly,

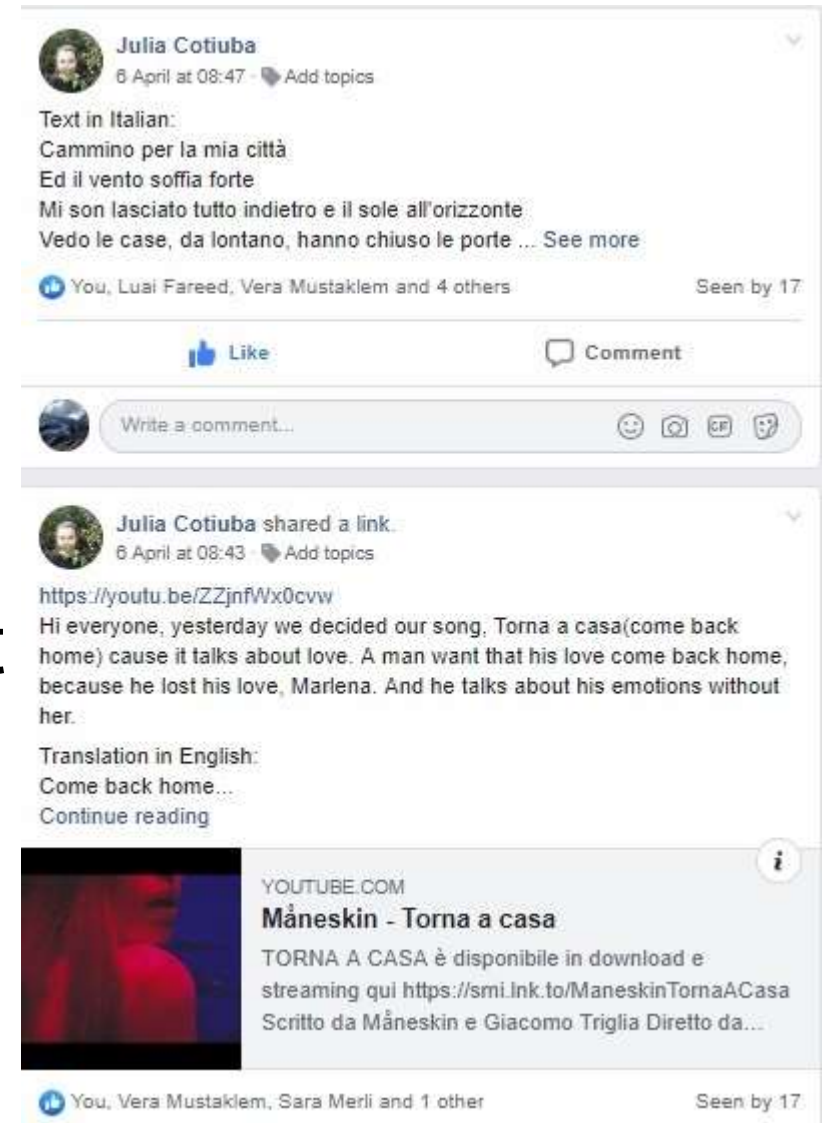

To sing

In the blue of your blue eyes,  
I am happy to be here down.

Hi 🌟 ... ciao 🌟 ..... This is the English translation for one of the most Palestinian song that enter your hearts even if you read the words .  
Read it carefully and enjoy ❤️ :

<https://lyricstranslate.com/.../ally-elkofiye-%D8%B9%D9%84%D9...>

Raise your Keffiye :

Raise your Keffiyeh Raise it  
Sing the Ataba and Mijana and enjoy it

Shake your shoulders tenderly  
Jafra, Ataba and Diheya

And let guns contribute and make it more fun [interesting double meaning, the song so far has been describing a wedding where people are singing the Ataba and Mijana and doing dabka, traditionally those were always accompanied by shooting guns in the air]

Raise the flag in Ramallah and Mountains of fire [Nablu's nick name]  
your proud head band is a symbol of grit and determination [Keffiyeh as a head dress was traditionally associated with head bands 3qa]

The first bullet tells the story of the journey  
When the time comes, we make what's up go down [rearranging an old Palestinian proverb]

Raise your Keffiyeh Raise it  
Sing the Ataba and Mijana and enjoy it

We grew figs and olives in the orchard  
We brought the wheat seeds and the lemon trees

When you call my country .. we will be ready  
Lighting the victory paths in the battle day

Raise your Keffiyeh Raise it  
Sing the Ataba and Mijana and enjoy it

We want to share with you a poetry of one of the most appreciated poetess of our country, Alda Merini. She was from Milan and unfortunately she died nearly ten years ago. She is still appreciate for her poetries about love. Here it is one of them:

## ORIGINAL VERSION (Italian)

Io non ho bisogno di denaro.  
Ho bisogno di sentimenti  
Di parole, di parole scelte sapientemente,  
di fiori, detti pensieri,  
di rose, dette presenze,  
di sogni, che abitino gli alberi,  
di canzoni che faccian danzar le statue,  
di stelle che mormorino all'orecchio degli amanti...  
Ho bisogno di poesia,  
questa magia che brucia le pesantezza delle parole,  
che risveglia le emozioni e dà colori nuovi.

## ENGLISH VERSION

I do not need money.  
I need feelings  
words, words chosen wisely,  
flowers, called thoughts,  
roses, called presences,  
dreams, that inhabit trees,  
songs that make statues dance,  
stars that murmur in the ear of lovers...  
I need poetry,  
this magic that burns the heaviness of words,  
that awakens emotions and gives new colors.

There's another poet we want to let you know. He is Francesco Petrarca, a very famous italian poet of 1300s. This is a part of one of his literary works. Hope you like it 😊❤️

(Italian)

Ciò che ero solito amare, non amo più; mento: lo amo, ma meno; ecco, ho mentito di nuovo: lo amo, ma con più vergogna, con più tristezza; finalmente ho detto la verità. È proprio così: amo, ma ciò che amerei non amare, ciò che vorrei odiare; amo tuttavia, ma contro voglia, nella costrizione, nel pianto, nella sofferenza. In me faccio triste esperienza di quel verso di un famosissimo poeta: "Ti odierò, se posso; se no, t'amerò contro voglia"

(English)

What I used to love, I no longer love; I'm lying: I love it, but less; behold, I lied again: I love it, but with more shame, with more sadness; I finally told the truth. That's right: I love, but what I would love not to love, what I would hate; I love however, but against desire, in compulsion, in crying, in suffering. In me I have a sad experience of that verse of a very famous poet: "I will hate you, if I can; otherwise, I will love you against desire"

You, Vera Mustaklem and Julia Cotiuba

Hi ☀️... This poetry wrote by the poet Ibrahim Tugan one of the Palestinian poets .. the poetry is ( My nation ) ...

( English translation ) :

my nation my nation..

Majesty, beauty, sanaa and splendor

In your stupidity ... in your disbelief

Life, survival, happiness and hope

In your hobby ... in your hobby

Do I see you ... Do I see you?

Peaceful and dignified?

Do I see you ... in Aalak?

What is the fish?

Mawtani ... Mawtani .. Mawtani ... My Homeland

The youth will not tire of their desire to get up or die

We take from evil and we will not be infidels

Like slaves ... like slaves

We do not want ... we do not want to

We live in an affliction we do not want ... but we return

Our glorious glory ... Our glorious glory

Mawtani ... Mawtani .. Mawtani ... My Homeland

Al-Hussam and Al-Ra'i do not speak and quarrel

Our symbol ... our symbol ...

Our glory and our covenant and the duty of the Wafa

Shakes us ... Shakes us

We are ...

Very watchful and banner fluttering

O there in the idol

Glorify Your Adversity ...

my nation my nation..

# FINAL CONSIDERATIONS

- We study more or less the same subjects and we have to do the same or similar tests.

# FINAL CONSIDERATIONS

- Even our school project are more or less the same.

# CONCLUSIONS

- The path wasn't always easy, mainly because of the technical and logistical difficulties (available technological resources, differences between our civil/scholastic calendars) and the desire to get involved in the project of the participants.
- Sharing is more than exchanging.
- But in general it was such a positive experience that should be repeated again with more passion and determination.

# CONCLUSIONS

- “We are in the same boat” is the conclusion for our project
- ...and our tools to guide this boat to the future are the capacity of listening and sharing, poetry, science and the whole culture in general.

## IN THE SAME BOAT

Thank you for you attention!
